

ENDMILLS

A Large Variety Of Endmills For All Of Your Cutting Needs!

We offer endmills designed for maximum performance in all types of materials. Endmill designs for general purpose machining are available in a wide range of materials and flute variety.

2 FLUTE SQUARE END
For Aluminum, Non-ferrous & Plastic
Pages 389-392

3 FLUTE SQUARE END
For Finishing Non-ferrous & Hard Alloys
Pages 393-394

4 FLUTE SQUARE END
For Steels & Stainless Steels
Pages 389, 395-399

5 & 6 FLUTE SQUARE END
For Steels & Stainless Steels
Page 400

3 FLUTE ROUGHING ENDMILLS
Fine Pitch & Special Geometry
Pages 405-406

4 FLUTE ROUGHING
Coarse & Fine Pitch For Steels
Pages 407-408

5 & 6 FLUTE ROUGHING
Coarse & Fine Pitch For Steels
Page 409

2 FLUTE BALL END
For Aluminum, Plastic & Non-ferrous
Pages 410-412

3 FLUTE BALL END
For Finishing Non-ferrous & Hard Alloys
Page 412

4 FLUTE BALL END
For Steels & Stainless Steels
Pages 410, 413-414

DRILL POINT
60°, 82°, 90°, 100°, & 120°
Pages 415

CORNER ROUNDING
HSS, Cobalt & Carbide
Page 418

2 & 4 FLUTE CORNER RADIUS
Solid Carbide-MONSTER
Page 403

SQUARE/BALL END ROUGHER/FINISHERS
With Chipbreaker, Solid Carbide-MONSTER
Page 404

MINIATURE/MICRO ENDMILLS
Square/Ball End, Solid Carbide
Page 416-417

VARIABLE HELIX AITN COATED
Solid Carbide-Micro 100
Page 402

ROUGHING ENDMILLS 3 & 4 FLUTE
Solid Carbide-Micro 100
Page 409

ROUTERS FOR ALUMINUM
Solid Carbide-Micro 100
