

# SOLID CARBIDE DRILLS-STRAIGHT FLUTE

## STRAIGHT FLUTE DRILLS SOLID CARBIDE

### FEATURES:

- For use on work hardened and abrasive materials such as stainless steel and heat treated steel alloys
- Precision tight tolerance holes
- Made from premium submicron carbide with 10% cobalt
- 140° notched drill point
- Made in USA

**Full Line Available!**  
Please call for more information.

## FACESHIELDS

### Headgear

- Constructed from durable nylon
- Universal pegs will accommodate a wide variety of faceshields
- Ratchet style adjustment for easy fit
- Pivoting action allows use to lift faceshield while wearing
- Crown width is 4". Universal sizing

### Faceshields

- 8" x 15" x .040" thick
- Available in polyethylene (PETG) and polycarbonate (PC)

Description	Part Number	Price Each
Black Ratchet Headgear	PYR-HGB	\$7.15
Polyethylene Faceshield	PYR-S1010	\$2.75
Polycarbonate	PYR-S1020	\$4.33
